

January 1, 2017

Dear Herp Conservation Partner:

We are planning our upcoming Northeast Partners for Amphibian and Reptile Conservation (NEPARC) annual meeting which will be held August 8-10 at the Mountain Lake Biological Station in Pembroke, Virginia. NEPARC is a regional working group of Partners in Amphibian and Reptile Conservation (PARC) dedicated to the conservation of herpetofauna - reptiles and amphibians - and their habitats. This conference focuses on the presentation of practical information, conservation efforts and research regarding reptiles and amphibians from across the region including Connecticut, Delaware, District of Columbia, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, Pennsylvania, Rhode Island, Vermont, Virginia, and West Virginia.

We expect over 100 attendees from state and federal agencies, environmental consultants, NGOs, academic researchers and students. We hope that you or a representative of your organization can join us for this great annual event. To register please visit <http://northeastparc.org/next-meeting-info/>

I am also writing to ask that you consider being a sponsor for this event. Your funds will provide important support for the conservation of herpetofauna in our region. Sponsorships help offset the cost of the meeting itself, keep the cost for students attending the conference low, and fund the production of NEPARC educational material. All supporters' names will be included in the meeting agenda and will receive verbal acknowledgement during the meeting opening session. Please see additional information for sponsors below.

Thank you for your generous support and we look forward to seeing you in August.

Warm regards,

Brian Zarate
Co-chair, NEPARC
New Jersey Division Fish & Wildlife
1 Van Syckles Road
Clinton, NJ 08809

Lindsay Rohrbauh
Co-chair, NEPARC
Fisheries and Wildlife Division
